Who we are at Shape

Started in 1982, Shape Industries has become one of Canada’s leading manufacturers of public space furniture, amenities, agricultural parts, automotive parts, and much more!

Located in the heart of the prairies, Winnipeg, Manitoba, Canada, Shape has delivered work to customers all over the world. To our customers, we are considered private label manufactures, partners, and life long friends. We value our clients, we value our products, we value our employees, but most importantly, we value our relationships.

“Four years ago I showed up at Shape Industries with no idea how to make what I needed and a hand-drawn sketch. Luckily, that didn’t matter because they treated me as if I was an established customer from day one. They gave our business the flexibility to grow as they were a one-stop shop for all of our custom prototyping and manufacturing needs. Whether you’re a startup or a business with an existing product, Shape can help you bring your ideas to life.”

– Jeremy D

Exterior Collection

Bike Storage

Our Bike Racks are welded aluminum construction and are available in a wide range of standard powder coat colours.

Options:

- Surface mount or in-ground mount

Add-Ons:

Configuration Options

The Strength Bike Locker is designed to be a stand alone unit or as part of a group or cluster. The locker is enclosed for total bike security. Each locker is designed to hold one bicycle as well as biking equipment (such as helmet, padding and gloves). The enclosure also provides protection from weather while the back and bottom of the unit are perforated to allow for drainage and airflow. At the front of the unit, the hooks allow the user to attach their own lock for security. Interior hooks are available upon request. Bike Locker is available as freestanding or bolt-down.
